Subject: seeking a meeting to discuss 2 CCR sites

Hi Steve and Amy,

I hope you both are doing well. Our national program colleagues reached out to the region and asked if we could assist in setting up a call with you to discuss 2 Indiana CCR sites. One site, Clifty Creek, relates to EPA's Part A review and the timeline submitted by the facility regarding state permitting. The second site, the Gallagher facility, was brought to the attention of the program by Earthjustice regarding the approved closure plan. We know you've been working on these sites for many years.

On the US EPA side we'd have Richard Huggins, who manages the Branch that covers CCR work in the Office of Resource Conservation and Recovery and some of his staff; Laurel Celeste in the Office of General Counsel; and from Region 5, me, Tammy Moore (my Branch Chief) and a couple of my staff.

Would any of the following days/times (all Eastern) work for you and your staff next week:

- April 13 at 1:00 pm
- April 14 at 3:30
- April 15 at 1:00
- April 16: anytime between 12:30 and 3:30

I hope we can find a time that works. Thanks for considering this and have a good weekend!

Susan Mooney
